7. Transfer of Shares

Article 6 of our Articles of Association;

Shareholders Nature

The shares held by the foreigner shareholders may not exceed 40% of the issued share capital of the Incorporation. In calculating the rates of the shares held by the foreigner shareholders, the rate of foreign shareholding in the shares held by the shareholder holding Group A shares which are not open for public will be taken into consideration as well.

Foreign shareholder shall mean:

- Foreign natural or legal persons;
- Turkish companies, share capital of over 49% of which are owned by foreigners;
- Turkish companies in which majority members of administrative and representative boards are not Turkish citizens and in which majority votes are not on Turkish partners according to their articles of associations;
- Turkish companies under actual control of the aforementioned.

In order to ensure that the aforementioned share rate limitations on the foreigner partners will be complied with the provisions of the Articles of Association, the Incorporation will use separate parts for foreign shareholders in registering the shareholders and their related share rates in the Share Register.

It is obligatory to promptly notify the Incorporation of any share purchase and sale reaching to 1% of the issued share capital of the Incorporation. Moreover, the shareholders who have reached or exceeded the maximum foreign shareholding rates as indicated in this Articles of Association, are obliged to promptly notify the Incorporation as they become aware of this. The purpose of such notification is to follow the foreigner element and remarkable share movements and to ensure the Board of Directors to perform its powers based on these, and only notification will not result with the nature of being a shareholder unless registered in the Share Register, and only the records in the Share Register will be relied on in such cases.

In cases where it is understood through the notifications or through other means that the total shares held by the foreigner shareholders have exceeded 40% of the issued share capital of the Incorporation, then the Board of Directors will be under the obligation, to promptly notify the related shareholders late within 7 (seven) days, starting from the latest share transfer, to dispose of the shares which exceed the foreign shareholding limit, in amounts and rates to be in conformity to the foreign shareholding limit and otherwise the Incorporation will be entitled to apply any of the measures indicated below. The foreign shareholder to whom the notice to dispose of its exceeding shares has been served, will be under the obligation to sell such shares which have caused the foreign shareholding limit to be exceeded, to a person who is not included in the foreign shareholder definition in this Articles of Association, within the period stated in the notice. In case such shares are not disposed despite the notification, then the Board of Directors will be under the obligation to meet in 3 (three) days and to take a resolution to cover the measures indicated below in regard to the shares exceeding the limit.

(i) To redeem with the nominal value, the shares held by the foreign shareholder which has caused the foreign shareholding limit to be exceeded, through decreasing the share capital; with this purpose, the Incorporation will first notify the shareholder who has exceeded the foreign shareholding limit that his shares will be redeemed. In case

such a notice may not be served then the fact will be announced in two newspapers published at the place where the head office of the Incorporation is located. Expenses related with such redemption, will be collected from the shareholder who has caused the redemption, through deduction from the redemption amount.

(ii) In cases where the total share rate of the foreign shareholder is over the limit indicated in this Articles of Association, then the Board of Directors will be entitled to increase the share

capital in order to reduce the rate of the shares exceeding the limit. In this case, new shares may be issued by limiting the preferential purchase options of the existing shareholders according to the rules of the Capital Market Board.

REASONING FOR THE ARTICLE:

The reasoning for the rule in this Article is provided in the final paragraph of Article 7 of our Articles of Association and in paragraph below. The regulations to which our company is subject in its capacity as an airline and to which it must adhere are also explained.

a) An airline company that does not qualify as Turkish on account of provisions listed in Articles 31 and 49 of Turkish Civil Aviation Act No. 2920 may not obtain an operating license or, if it does possess an operating license, such operating license shall be revoked in the event it ceases to qualify as Turkish due to such factors or events such as the transfer or sale of shares of the airline or due to the majority of the members of its Board of Directors being foreign, etc.

b) In order for flights to be possible from one state to another, that is, to secure rights to international traffic, bilateral inter-governmental aviation treaties must first be executed between the two given countries, and the majority ownership of the airline to be designated by the Turkish Government and the control of such company must lie in the hands of Turks (natural or legal persons). The criteria of nationality that qualifies our company as Turkish is also a sine qua non condition for holding the right to traffic under the bilateral aviation treaties executed between states. Hence, since the right of traffic may only be granted to an airline domiciled in Turkey if the majority of its shares of effective control thereof belong to Turkish citizens or companies, and since in the event such airline ceases to qualify as Turkish (or it fails to prove that it has not ceased to do so or if other contracting states to which flights will be made fail to believe that it has not done so) then the relevant airline shall lose its right to traffic, the criterion of nationality is an element of vital importance for an airline. Hence, Article 6 of our Articles of Association contain provisions governing the foreign element in order to ensure that our airline's operating license and also our international traffic rights are secured, as explained above. Accordingly, restrictive rules were set out in terms of the limitations imposed on the foreign shareholding ratio for the protection of the traffic rights of our Company based on the criterion of nationality, should such limit be exceeded.

2- Articles of Association Article 7 (Transfer of Shares) Transfer of shares is subject to the provisions of Turkish Commercial Code, Capital Market regulations and Civil Aviation regulations. Transfer of registered shares will be effective with regard to the Incorporation upon registration in the Share Register. The shareholders will be under the obligation to evidence when required, according to the format as determined by the Board of Directors, their identities and nationalities and, if available, the "Foreign shareholding" relation as indicated in Article 6, before registration of the registered shares in the Share Register.

Until registration of the share transfer in the Share Register, the holder registered in the Share Register will be deemed as the holder of the shares by the Incorporation.

Share transfers will be registered in the Share Register upon resolution of the Board of Directors. The Board of Directors may refrain from registering any share transfers in the share Register in cases which are not in consistency with this Articles of Association or the law or without indicating any reason therefore.

Share transfers which are not in compliance with the foreign shareholding rate limits as indicated in Article 6 above, may not be registered in the Share Register. The Board of Directors will be under the obligation to reject the registration of such share transfers in the Share Register. Share transfers which are not registered in the Share Register by the Board of Directors will not be recognized by the Incorporation and the related transferee will not be

granted to be a shareholder. The affirmative vote of the member, appointed to the Board of Directors to represent Group C share is required in the resolutions of the Board of Directors to affirm the share transfer and to register this in the Share Register.

Group C share may be transferred to any Turkish public institution substantially having the same powers granted to the Prime Ministry Privatization Directorate by Law No: 4046. In case of such a transfer then this will promptly be registered in the Share Register without requirement for any resolution of the Board of Directors. The Board of Directors will be under the obligation to limit the transfer of the shares to the foreigners, in order to comply with the provisions of Civil Aviation and/or other laws, it is subject to, and with the limitations as indicated in this Articles of Association and to avoid from endangering the traffic and cabotage rights held by the Incorporation.
