**BOARD ACTIVITY REPORT
PURSUANT TO THE COMMUNIQUE SERIAL II. NO.14.1****1. INDUSTRY DEVELOPMENTS**

Despite the challenging operating environment in 2022, Turkish Airlines continued its operations without interruption, thanks to its operational agility and highly qualified workforce, which it protected during the pandemic. In the first half of 2023, our Incorporation continued its growth by carrying 38.7 million passengers, surpassing the number of passengers by 10% in the same period in 2019. While global international airline capacity in the first half of 2023 was 15% below that of 2019 according to data published by airline data provider OAG, Turkish Airlines was among one of the few airlines in the industry by exceeding its 2019 international capacity by 27%. In the meantime, during the first half of 2023, Turkish Airlines ranked first among the European network carriers in terms of daily number of flights operated according to the European Organization for the Safety of Air Navigation (Eurocontrol).

Turkish Airlines began working in the earthquake-stricken region with the sense of responsibility of being the national flag carrier of Türkiye, to overcome the effects of the largest earthquake disaster in our country's history. Passenger and cargo flights were carried out free of charge to deliver search and rescue teams and equipment from domestic and foreign countries and the required aid materials from all over the world to the region, starting with the evacuation of people in the region. Between February 6 and May 31, 2023, 433,000 of our citizens, search and rescue teams, and aid teams were transported to the region, and the evacuation of 430,000 of our citizens was carried out, and 36,000 tons of aid materials were sent to the disaster areas. In addition to a cash donation of 2 billion TL for use in the needs arising from the region, preparations have been started in coordination with our country's authorized institutions and organizations for the Turkish Airlines residential area project of 1,000 houses to be established in the region. Furthermore, our company has initiated a project to provide employment for 1,000 personnel from 1,000 families impacted by the earthquakes. We are committed to continuing our efforts towards the reconstruction and development of the earthquake-stricken provinces, and to support the recovery process of affected citizens by working tirelessly towards this goal.

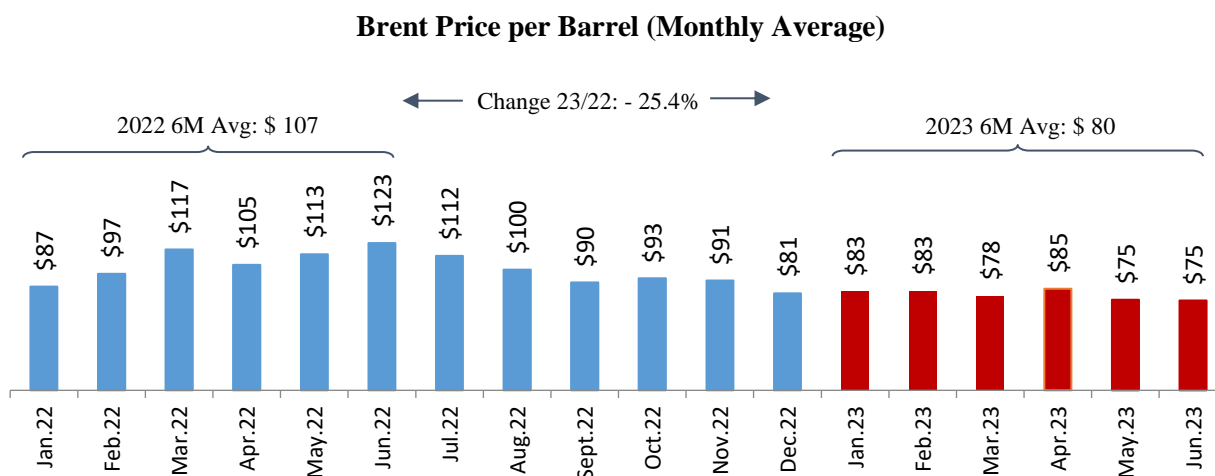

Turkish Airlines, in the beginning of 2023, announced its strategic goals pertaining to the year of 2033 considering as a road map in order to sustain its growth after the pandemic. Within the scope of this vision, Our Incorporation aims to generate significant value for all stakeholders and continue leading the aviation sector by targeting excellent passenger experience, digitalization, and sustainability, while doubling its aircraft and passenger numbers. The strategy involves increasing the number of aircraft to 800, carrying more than 170 million passengers and a revenue over 50 billion USD.

Through SMARTIST, our mega cargo center located in one of the world's largest hubs, and Turkish Airlines' extensive flight network, Turkish Cargo aims to enhance its position as one of the top air cargo carriers globally. The strategic focus areas involve creating a logistic ecosystem with airline partnerships, product and technology investment projects, and expanding its business network beyond current market limits. Turkish Cargo succeeded to become one of the top 3 global air cargo carriers in terms of freight tonne kilometers in May, according to data published by the International Air Transport Association, IATA. Concurrently, İstanbul Airport ranked first with the highest cargo traffic in Europe in the first half of the year.

In line with the 2033 strategy, Turkish Airlines aims to rank among the top three airlines globally in providing the best digital experience and to provide customized service to passengers on all channels. Sustainability is a crucial aspect of our growth, and our Incorporation aims to decrease fuel consumption by increasing the number of new-generation aircraft in its fleet and pay sufficient attention to environmental resources. Our Incorporation is also taking firm steps towards becoming a "carbon-neutral" airline by 2050, increasing the number of frequencies and destinations served with Sustainable Aviation Fuel (SAF).

Together with its subsidiaries, employing more than 75,000 people, Turkish Airlines will continue to proudly fly Türkiye's national flag in the coming 10 years with its unique network, modern fleet and remarkable financial performance.

S&P Credit Rating Update

International Credit Agency Standart & Poor's (S&P) affirmed long-term issuer credit rating of Turkish Airlines as "B" and revised the outlook as negative.

S&P has also affirmed 'B' rating on our USD-denominated Enhanced Equipment Trust Certificate (EETC) issued in 2015.

Establishment of THY Destek Hizmetleri A.Ş.

Our Board of Directors decided to establish "THY Destek Hizmetleri A.Ş." as a 100% Turkish Airlines subsidiary in order to meet support service needs out of our Incorporation and subsidiaries core business activities, such as cleaning, safety, facility management, financial affairs, flight and ground handling services, operational and organizational services. The procedures regarding the establishment of "THY Destek Hizmetleri A.Ş." were completed as of 06.03.2023 upon the registration by Istanbul Trade Registry Office.

Dividend Payment

The Profit Distribution Table regarding FY2022 was disclosed in Public Disclosure Platform. The table is available on our Investor Relations Web Site.

Related Party Transactions

The conclusion section of the "Common and Continuous Related Party Transactions Report" prepared by the Board of Directors as per Article 10 of the Capital Markets Board's Communique No. II-17.1 on Corporate Governance is provided below.

Due to the fact that the rate of the amount of common and continuous fuel supply / purchasing transactions executed between Turkish Airlines and TFS Akaryakıt Hizmetleri A.Ş. exceeded 10%, compared to the cost of sales in 2022 financial statements disclosed to public; it is foreseen that transactions with similar features are expected to continue in compliance with the determined principles in 2023 as well. These transactions mentioned in the aforementioned report are considered to be made consistent with the transactions of previous years and at-arm's length when compared with market conditions.

Announcement Regarding the Donation for the Earthquake Relief

Our Incorporation has been conducting its operations in close coordination with our country's authorized institutions in order to alleviate the impact of social and economic consequences of the consecutive earthquakes which took place in Kahramanmaraş on February 6, 2023 that caused a huge devastation and loss of lives. In this respect, our Board of Directors decided to make the following donations within the scope of relief efforts in the affected area:

- 1- Operating free of charge passenger and cargo flights to/from the earthquake-affected region to transport national and international search and rescue teams, equipment and emergency aid supplies,
 - 2- Bearing the cost of evacuation flights and all the external resource costs related to these flights,
 - 3- 2 billion Turkish Liras in cash to Ministry of Interior Disaster and Emergency Management Presidency ("AFAD"),
-

BOARD ACTIVITY REPORT

4- Pursuing all necessary work and procedures for the construction of 1,000 homes to be built in the earthquake-affected region in coordination with the Ministry of Environment, Urbanization and Climate Change, AFAD and other authorized institutions in our country,

5- In-kind and cash donations in this period.

Merger of Our Subsidiaries TSI, TCI and Cornea

As per our announcement on Public Disclosure Platform on 04.11.2022 regarding the merger of our subsidiaries established for the design, production, marketing, and sales of cabin interior products, Uçak Koltuk Üretim Sanayi ve Ticaret A.Ş. ("TSI") and Cornea Havacılık Sistemleri Sanayi ve Ticaret A.Ş. ("Cornea") were dissolved without liquidation in accordance with the 136th and other relevant provisions of the Turkish Commercial Code, and the procedures for TCI Kabin İçi Sistemleri Sanayi ve Ticaret A.Ş. ("TCI") to take over TSI and Cornea with all its assets and liabilities are completed.

Upon completion of the merger, TCI's paid-in capital increased from 94,000,000 TRY to 172,268,000 TRY through the takeover of TSI and Cornea. The shareholding structure following the merger is as follows;

Shareholding Structure	Share (%)
Türk Hava Yolları A.O.	59.25 %
Türk Hava Yolları Teknik A.Ş.	20.84 %
TUSAŞ -Türk Havacılık ve Uzay Sanayii A.Ş.	17.00%
HAVELSAN Hava Elektronik Sanayi ve Ticaret A.Ş.	2.91%
Total	100%

According to this post-merger shareholding structure, TCI, which was previously consolidated using the Equity method, will be fully consolidated in our financial statements in the following periods.

The merger has been registered with the Istanbul Trade Registry Office on 15.02.2023.

Fitch Credit Rating Update

Due to our stronger than expected performance The International Credit Rating Agency Fitch raised our Incorporations Long-Term Foreign and Local-Currency Issuer Default Ratings (IDR) to 'B+' from 'B', one-notch above Türkiye's sovereign rating. The outlook is also affirmed as negative.

Fitch has also affirmed BB- rating on our USD-denominated Enhanced Equipment Trust Certificate (EETC) issued in 2015.

12. PROJECTIONS ABOUT THE INCORPORATION

The Incorporation has decided to begin operating scheduled flights to cities including Abha (Saudi Arabia), Aswan (Egypt), Makhachkala (Russia), La Coruna (Spain), Lenkeran (Azerbaijan), Nantes (France), Port Sudan (Sudan), Atyrau (Kazakhstan), Sialkot (Pakistan), Hargeisa (Somalia), Denver and Detroit (United States of America) and Katowice (Poland) subject to aircraft availability and market conditions. Our Incorporation evaluates opening dates of these new destinations in line with market conditions.

Turkish Airlines flies to more countries than any other airline in the world and is one of the leading airlines in the aviation industry's recovery. Our Incorporation has developed a strategic roadmap for the year 2033 to sustain its growth post-pandemic and generate significant value for all stakeholders. We are committed to continuing to lead the aviation sector by setting targets for excellent passenger experience, digitalization, sustainability, and doubling our aircraft and passenger numbers. As part of this strategy, we plan to increase our fleet to 800 aircraft by 2033 and increase our passenger capacity 2.8 times compared to 2022. We aim to strengthen our market share by combining the low-cost structure of Anadolujet with repositioning its brand to increase its competitiveness.

**BOARD ACTIVITY REPORT
PURSUANT TO THE COMMNIQUE SERIAL II. NO.14.1**

Providing a wide flight network and high connectivity, Turkish Airlines aims to increase its international destinations to 345 by 2033 and more than double its passenger numbers compared to 2022, enhancing its connectivity and competitiveness.

Within the framework of our Incorporation's 10-year strategy, Turkish Cargo aims to increase the amount of cargo carried by 2.3 times that of 2022 by leveraging the facilities provided by SMARTIST, the mega cargo facility located at Istanbul Airport, which is equipped with high technology and among the world's largest hubs, and Turkish Airlines' uniquely extensive flight network. Turkish Cargo also plans to increase the number of cargo flight destinations from 104 in 2022 to 150 in 2033. Turkish Cargo aims to become one of the top three air cargo brands in the world in terms of market share and service quality.

In line with the 2033 strategy, our Incorporation aims to provide integrated and customized service to passengers on all channels and to rank among the top three airlines globally in providing the best digital experience.

In addition to operational growth targets, we are committed to a sustainable future by aiming to have 75% of our fleet consist of new generation aircraft by 2033 and reduce fuel consumption by 5% through operational improvements. As a member of IATA, Turkish Airlines adopts targets to reduce carbon emissions from aviation and is dedicated to achieving these targets. Our Incorporation takes firm steps forward to become a "carbon-neutral" airline by 2050 by increasing the number of frequencies and destinations served with Sustainable Aviation Fuel (SAF).
