THY, as Turkey's most important global company and brand, turned the crisis into an opportunity with the success it has achieved especially with THY Cargo, and that the same success will also be achieved in the field of technology and the incorporation of Anadolujet in the near future. He also stated that all employees have shown a great sacrifice, that efforts are continued to be made to take new measures in order to eliminate the crisis and that many airlines around the world decided to cut jobs, although they gained financial support from their states. He further stated that, with the support of the labor union, THY was able to prevent unjustly towards its personnel by not going for job cuts, that it protects the job peace, that the wage reduction is fair, that it will continue to fulfill the responsibilities of being a flag carrier in the future and that their target is to make THY number 1 in the global civil air transportation.
